

School-Based Health Center in Plainville

WHEELER AND THE PLAINVILLE PUBLIC SCHOOLS ARE EXPANDING ACCESS TO HEALTH SERVICES FOR STUDENTS AND THEIR FAMILIES.

Wheeler's School-Based Health Centers at the Middle School of Plainville and Linden Street School help students with anxiety, depression, academic and peer challenges, trauma-related issues, including post-traumatic stress disorder (PTSD), substance abuse, and much more.

The centers also provides connections to other services, including primary and dental care at **Wheeler's Health & Wellness Center**, and other programs.

SCHOOL-BASED SERVICES INCLUDE:

- Integrated behavioral health assessment
- Individual, family or targeted group therapy
- Coordination of care with the school
- Facilitation of primary and dental care

CONTINUUM OF SERVICES

As part of Wheeler's comprehensive continuum, our Linden Street School clinician can assist with care coordination with other evidence-based services available at Wheeler. Medication management and primary and dental care are available through Wheeler's Health and Wellness Center.

ACCESS TO CARE

Parents or legal guardians may contact their social worker to schedule an initial appointment. A Wheeler school-based clinician will conduct an assessment to determine the best approach for care. Parents or legal guardians of existing Wheeler clients who wish to receive additional resources at Linden Street School may speak with their clinician to coordinate their care.

For additional information, please contact Erin Smythe, LPC, program manager of Wheeler's Children's Outpatient Services, at 860.793.3860.

Medicaid, Medicare, and commercial health insurance welcome. A sliding fee scale is available based on family size and income. No patient will be denied health care services due to an individual's inability to pay for services.
