THE BASIC NEEDS FUND

100% Donor-Supported 0% Overhead

Wheeler's Basic Needs Fund addresses environmental and social factors that interfere with a patient's health and well-being, but which are not addressed through their own resources or other programs. It's benefited more than 8,500 patients since 2018.

The fund is **wholly donor-supported**, has **0% administrative overhead**, and allows our community health workers and staff to immediately and flexibly address conditions that might lead to poor health outcomes. It addresses the basic needs of life such as: food, transportation, clothing, shelter, medications, or other items. The stories of how it changes lives are countless...

One patient was **ready to start a construction job**, but **could not afford boots**. Through the Basic Needs Fund, he was able to buy work boots, start the job, and support his family.

READ HOW YOUR DONATIONS HELP OUR PATIENTS

"I honestly did not have enough money for any type of dinner this year. The people who helped me should know I appreciate it a lot and in the future I will do my part to pay it forward. It's inspiring to know people care, and it's motivating me to put myself in a position to help others in the future when I'm in a better spot. Thank you all."

- A patient who received one of our Thanksgiving bags

"Thank you so much! I am so grateful for your generosity. We have struggled to make ends meet because we are disabled and can't find work. Thank you for the gift of hope."

- A patient who benefited from our Basic Needs Fund

"Thanks to the Basic Needs Fund, I was able to provide my five-year-old child with lunch for the week."

- A thank you note from a family we serve
